SOX TAKE AMERICAN LEAGUE, CARDS COP NATIONAL PENNANT

American

The Albany Little League American League pennant has been won by Jim Woulfe Ford's White Sox in a two out of three play off series played last week at the Little League baseball diamond in University Village.

Winners of the first half of the season, the White Sox were matched against the Call Brothers Jeweler's Yankees, winner of the second half and last year's champions. In the first game of the play off the White Sox beat the Yankees 20-11. The second game, a close tense one, the Yankees took the White Sox 7-6. But with a 19-5 defeat over the Yankees in the third game, White Sox manager Jack Hermann, with his team, ran away with the pennant. Bob Gray manages the Yankees.

National

A three game play-off was necessary to end the Albany Little League season last week-end when the Albany Lion's Club Cardinals defeated the Braves in a two out of three set to win the National League pennant.

In the first game of the play off the Braves took the Cards 6-4, each team collecting five hits. Curt Pihl was the winning pitcher.

In the second game, the Cards edged the Braves by a 9-8 victory. Cards winning pitcher was George Jaekle. Eight hits were registered by the Cards and six by the Braves. The third and deciding game was won by the Cards who had it all the way by scoring eight runs leaving the Braves scoreless. Cards pitcher Gerry Behman struck out 13 Braves and gave up but four hits. Losing pitcher Mike Piasente struck out 7 and allowed 7 hits.

This is the first time manager Lloyd Clopton and his team have taken the season's championship.

$1,624,181.40 Value Permit Increase

A report of activity for the month of July, 1963, from the office of the City Engineer, Department of Public Works, of the City of Albany showed a total $111,058.00 for value permits bringing the fiscal total to $2,745,760.50; an increase of $1,624,181.40 over last year.

The sizeable increase is due to two factors: multiple units and commercial development. Three new commercial buildings, including the $225,000 permit for the new Safeway development on Solano Avenue, $90,000 variance for Albany Hospital, $24,000 for St. Mary's High School, and the permit for the Blind Orientation Center added considerably to the increase. Among the multiples were the 60 unit apartment on Brighton, $474,000, and a 32 unit multiple on Evelyn Avenue. According to the office of the city engineer, the majority of permits were, in the past, issued for individual dwellings; they are now for duplex, tri-plex or multiple structure.

Total fees collected for July, 1963 were $1,629.12.

Berkeley Pump and John Stadelhofer, donating a special fountain as a show feature; Granholt Sheet Metal and Albany Plumbing, pointing up Albany industry; Dymo, which makes the machines which turn out those wonderful plastic labels and name tags; Albany Bowl, whose booth plans are unknown; Little League and Albany Alteens, both refreshment booths.

Applications are still being accepted from artists and craftsmen who would like to exhibit during the three-day show, according to Art Director Virginia Rogers, who believes these must be many local artists who would enjoy participating in this hometown venture. Those interested may call the Albany Chamber of Commerce, LA 5-1771, for further information.

School Bond Issue Up For Second Try

The Albany Board of Education voted last week to call for a second school bond election on the once defeated issue in the same amount: $995,000.

After a thorough study, the trustees decided it would not be "in the interest of the taxpayer" to slash the amount. Board of Education member Max Kelly stated that a "drastic curtailment in the program would not be a good legacy for the board to leave to future students and it would not be a good investment of taxpayers' money."

Two preliminary plans, economical revisions of the original, were rejected by board members. Both would eliminate the workshop building.

Scheme I, at an approximate cost of $930,000, would replace the multi-purpose lecture hall with a two story structure. The lower level would house the workshop area; the upper level music rooms and home economics department. The art department would be above the patio. The proposed plan would pose a problem of sound isolation and member Rae Votz questioned the wisdom of abandonment of the lecture hall. The curtailment of interdepartmental activities, in view of modern educational trends, would be a great loss, she said. Summed up, it would be utilized 2000 times during the year.

Scheme II would place social sciences in the lower and added second story of the lecture hall structure, leaving the other side as was originally planned. Cost was estimated at $771,000. The workshop would remain in the present area with additional space added. The plan would cut the social science area from 8580 square feet to 5650. It would not have the close correlation as on the original plan.

Trustee Thomas Cock proposed eliminating the shop area in its entirety. He referred to it as a "baby sitting situation" and reminded the board that industry has said that the present programming has "practically no application" in industrial trade.

Superintendent Kenneth M. Forry reiterated that the non-academic group of students should be served. Two hundred youngsters utilize the program; and at present the program, although no different than that offered throughout the state, is better than none until some phase of better programming is worked out. "It is wise," he said, "to think forehandedly by providing an area for present and future programming."

Kelley rejected both proposed plans, calling them "shoddy." "I would rather see the students go double or triple sessions until we can spend money wisely." This in the event of condemnation of the present unsafe structures.

Board of Education Charles Pinkham summed up the present situation: "I am not raising a fear factor," he said, "but two earthquakes have been recorded. We have been told the buildings are unfit for occupancy. The community will have to decide."

The bond election will be held on November 19 at the same time as the Alameda County Junior College District Formation proposal and utilizing the same precinct polling places, precincts, inspectors and judges.

The decision was followed by a motion by Cock directing the Superintendent of Schools to make a study with the professional staff of Albany High School of a more positive direct program of industrial arts, forwarding bibliography materials on ideas to the board for study.

Other board action included the adoption of charter service with AC Transit for transportation for the Albany Schools. Eastshore Lines are no longer available, headquarters have been moved to San Francisco.

HEARING SET BY COUNCIL ON SEWERS

September 10 is the date set by the Albany City Council for a public hearing on the proposed sewage charge which would annually bring into the city approximately $25,000 for replacement and correction of inadequate sewers.

The hearing, scheduled by the Council Monday night, followed the reading of two communications from Albany citizens; one from Mrs. Kathe Zahn, 911 Santa Fe Avenue, proposing a sanitary sewer connection fee, the other from Mrs. L. F. Torrez, 829 Jackson St., asking how the City can levy a monthly charge when the householder already pays the East Bay Municipal District for the same purpose.

Clarification was given in a formal statement issued by Vice-mayor Lewis Howell, finance chairman of the Council:

"In regard to the letter from Mrs. Torrez, the rate charged by the East Bay Municipal District is for the disposal of sewage and said rate is judged by the quantity of water used in each household. Our proposal is for the replacement of worn out sewers.

"It is the responsibility of the City Council to provide adequate sewers for the community and this is an equitable way of financing a sewage system on a pay-as-you-go basis.

"On a bond issue, additional burden would be placed on citizens by additional interest charges. The inequality of such an issue is primarily the undisputed fact that it would tax only persons owning homes.

"The sewer charge would be used solely for worn out sewers; every dollar would be earmarked only for sewer replacement and correction. Everyone would pay, not just the little homeowner.

"We would like to point out that no fee has yet been set. The proposal was discussed at budget hearings and a work session will be held in the near future to further formulate the plan. The work session will be followed by a public hearing on Tuesday night, September 10, at 8:00 p.m. so that Albany citizens can express opinion. We sincerely hope that the people of Albany will avail themselves of this opportunity to hear and be heard."

IF MONEY IS NOT!
So many times after we have shown the new KIRBY SANITRONIC to a prospective customer, they ask us the price and then they faint, because the SANITRONIC is a couple of dollars more than the ordinary, run of the mill vacuum cleaner.
So, if money is not your first concern in buying a new vacuum cleaner and if you frankly would enjoy a vacuum cleaner that will do more than 78 different household chores for you . . . then the KIRBY SANITRONIC is your vacuum cleaner. Besides, its fun to be able to tell your friends and neighbors that you own the best, and if you really want to have fun - - - tell them that you have 2 - - - one for upstairs and one for downstairs - - -

Fire Plug

"'Kitchen Gadet' has become a common phrase to the housewife of today," remarks Fireman John Hritz of the Albany Fire Department and inspector in the Fire Prevention Bureau. Electric aids in the kitchen as well as many short cut products are being sold to make the kitchen chore a bit easier but also add more reasoning for safety in the kitchen.

Matches and smoking account for close to 25% of all fires of known origin, their real and potential danger cannot be emphasized often enough but now an added danger has become prevalent. This is the aerosol can. When this can becomes empty and is tossed into a fire it becomes a potential bomb. The housewife should make sure that when this type of container is no longer needed and is ready to be discarded it should be put into the ash can and not where it may find its way into the incinerator. This danger cannot be over-emphasize,d for great danger can come from flying debris when these cans explode. Every housewife should read the label on these containers and follow the instructions thereon for they are written for your safety.

A group of Seniors journeyed by chartered bus to San Francisco to attend the Ice Follies on Wednesday night, August 7. Many had never seen the Follies before and were enthusiastic about the show; to them it was a new thrill.

The regular business meeting was held on Tuesday, August 6. Some members are urged to attend these meetings where they may voice their opinions and help shape the policy for the club.

Mary Arns, entertainment chairman, provided the program after the meeting featuring Ron's School of Dance. The children showed evidence of good training and were much enjoyed. One boy, Larry Legovich, has been auditioned and is scheduled to appear with Tom Poston at Melodyland in the musical "Bya Bye Birdie" at the Berkeley Community Theater. Refreshments were served after the entertainment.

The regular T.V. dinners were a feature of Tuesday evening followed by cards and sociability til 10:00 p.m.

The usual community projects on Friday will be suspended for a short time in favor of packaging seals for the Cystic Fibrosis Foundation.

Men: Do not forget the "Men's Day Only" to begin on Tuesday, August 20. Register with Beulah at 526-1601.

Drayage Zones Update Charges

Revision of truck rates for commercial hauling within the East Bay drayage zones to update charges to reflect present day costs and operating conditions was made today in a decision by the California Public Utilities Commission.

The revisions resulted from extensive studies by the commission staff of changes in costs of operation and change in hauling methods, which were put into evidence at public hearings.

Effective next October 12 first class rates in the East Bay will be modified, ranging from a decrease of 10 percent for hauling in the 2000-pound bracket to a 23 percent increase in truckload hauling. Increases in other rate brackets range from 2 percent to 9 percent. Rates for hauling canned goods is not affected, and there is no change in rates for parcel delivery.

The East Bay Drayage Zone includes only the cities of Alameda, Albany, Berkeley, Emeryville, Oakland and Piedmont.

OBITUARY

ARTHUR BUCKLEY

Friends attended final rites for Arthur Joseph Buckley, 44, who passed away in Berkeley after a prolonged illness. Mr. Buckley was a native of Port Costa, Calif., a member of St. Ambrose Catholic Church, International Association of Machinists Lodge 252, Vallejo, and had served with the U. S. Navy in W. W. II and the Korean Conflict. He had been a machinist for 24 years at Mare Island. He lived for 24 years at 1418 San Pablo Ave., Berkeley. Funeral services were held on July 24, 1963, from Ellis-Olson Mortuary, 727 San Pablo Ave., followed by a requiem High Mass at St. Ambrose Church, Berkeley, with burial in St. Joseph's Cemetery, San Pablo. He leaves his mother and father, Annie and Mortimer Buckley of Berkeley; his sister, Mary Margaret Jeeves of Verona, Pa.; and his nephews, Alan, Michael and Douglas Jeeves.

Albany Realtor Attends Workshop

Albany real estate broker Leonard J. Parsons took part in a five-day workshop on real estate teaching methods held recently at the University of California Berkeley campus.

The workshop was presented by Continuing Education in Real Estate, a statewide program of U. C. Extension. Attending were 40 realtors who conduct courses in real estate principles and practice for persons in the industry and in related occupations.

Parsons, owner of L. J. Parsons Co., 1484 Solano Ave., Albany, will lecture in U. C. Extension fall courses dealing with commercial and investment properties.

Deadlines for Times

The deadline for news copy for the Albany and Thousand Oaks Times is noon Friday preceding the Wednesday publication date. There will be no exceptions unless prior arrangements have been made. Items may be mailed or delivered to 1240 Solano Avenue. After hours use the door slot.

Classified ads are accepted until 5 p.m. Monday preceding publication. Display advertising copy must be in by 1 p.m. Monday.

Wonderful World

The above scene from "The Wonderful World of the Brothers Grimm," direct from its 8 months Cinerama engagagement in San Francisco. The picture is of Russ Tamblyn and Yvette Mimeaux who play leading roles in the three fairy-tale sequences in the film. Brothers Grimm will play with "Cool of the Day," a beautiful film made by Metro Goldwyn Mayer in Greece and starring Jane Fonda and Peter Finch.

For thrills and adventure "The Great Escape," playing this week with Steve McQueen and James Garner, is the best and most exciting film to come to Albany this year. "Escape" is playing with "Call Me Bwana," a Bob Hope comedy.

"YOU DON'T HAVE A GREEN THUMB?" asked John Pleich and Frank Corey rosily. "We'll prove you do at the Art Show and Merchants Bazaar on Key Route Boulevard August 23-25."

THANKS FOR WRITING!

Letter-to-theEditor:
Albany Times

For the past month, the parking lot at 819 San Pablo Avenue, has been closed. The closing of this lot greatly reduced business in this section of Albany, and was an inconvenience to our loyal customers who shop in our city.

We wish to announce that the parking lot is now open and you are again welcome to park and shop conveniently.

I wish to express my sincere thanks to the following merchants who are helping financially to make this possible: Albany Barber Shop, Discounts Unlimited, Albany Beauty Academy, Highland Donut Shop, Albany Drugs, Max's Liquors, Albany Washerette, Zinmans Dept. Store, Call Bros. Jewelers.

It would be nice if all civic minded merchants, benefitting from this program, would contribute financially to the support of the Merchants parking lot.

Sincerely,
H. F. Call

The following is a copy of a letter sent to the Albany City Council:

Albany City Council
Albany, Calif.
Gentlemen:

As a homeowner and taxpayer, I would like to know if the City of Albany can legally charge a householder a sewage disposal charge when said householder already pays the East Bay Municipal Utility District a bimonthly rate for such service.

Sincerely yours,
Naomi E. Torrez
(Mrs. Lupe F. Torrez)

SACRAMENTO — Antiques, flowers, art, wines, livestock and agriculture will be among dozens of displays featuring something for the whole family at the California State Fair and Exposition, Aug. 28 through Sept. 9.

"THERE'LL BE PRIZES," SAID KEN FORRY WINNINGLY. Where? Albany Art Show and Merchants Bazaar, August 23-25, Key Route Boulevard.
